City of Westminster Façade Improvement Program (FIP) Application

Checklist

Please assemble the application package in the sequence indicated below and label each item. Check off each item to ensure you are submitting the **required** material, including:

- Completed Application
- A minimum of two color photographs that show existing building conditions
- Detailed sketches or drawings of the proposed improvements (including placement, color, dimensions and materials)
- A minimum of two bids on contractor letterhead detailing the proposed work
- Additional information (optional)

Prior to submitting an application, applicants should meet with the Program Administrator in regards to the project. To set up a meeting time, email planning@westminstermd.gov or call 410-848-9002.

General Information

Name of Applicant: Kyparissia Sirinakis

Name of Business: Calypto Partners LLC

Project/Business Address: 59 W. Main Street, Westminster

Phone Number: 301-298-5456 Fax Number: _____

E-mail address: kypsir@msn.com

Type of Business: Real Estate Holding

Applicant is the:

- Property Owner
- Business Owner
- Other: _____

How long has the business been at the current location? Since inherited the property in 2017.

Building was owned by Mrs. Sirinakis' parents for decades

When does your current lease expire? N/A

Do you have the option to renew your lease and do you intend to do so? What are the terms?

Property owner's name (if different from applicant): _____

Property owner's address: 4512 S. Chelsea Lane, Bethesda MD 20814

Property owner's phone number/email: _____

Note: If you are not the property owner, the property owner or an authorized representative must co-sign this application where indicated in the "General Conditions" section of this application.

Project Details

Please describe below, or via a supplemental attachment, the proposed improvements to the property. The following required information must accompany this application:

- Minimum of two color photographs that show existing building conditions
- Detailed sketches or drawings of the proposed improvements (including placement, color, dimensions and materials)
- Minimum of two bids on contractor letterhead detailing the proposed work

Description of proposed improvements (e.g., new doors/windows, signs, lighting, paint, etc.):

Proposed Project Budget: \$14,500

Describe how this project will enhance the downtown, including how it will:

See attached

- Improve your business or increase your chances for success
- Facilitate the retention or expansion of an existing business downtown
- Facilitate the establishment of a new business to downtown
- Improve public safety or access
- Enhance downtown Westminster (beautification, foot traffic, etc.)

See attached

How much funding assistance are you requesting?* 50%

* Please Note: This is a matching grant program of up to 50% of eligible funding match available.

Proposed start date: **July 1 2026**

Estimated completion date: **August 1 2026**

In conjunction with this project, are you completing any other renovation/rehabilitation work to the property (interior or exterior)?

- No
- Yes

If answer is "yes" to above question, describe additional work:

Estimated cost of additional work to the property:

Signature of Applicant:

[Handwritten signature]

Date:

2/2/26

City of Westminster use only:

Approval:

Date:

General Conditions

- It is expressly understood and agreed that grant proceeds are a matching grant at 50% or greater by the applicant and up to 50% from the Maryland Department of Housing and Community Development.
- It is expressly understood and agreed that the applicant shall be solely responsible for all safety conditions and compliance with all safety regulations, building codes, ordinances, and other applicable regulations.
- It is expressly understood and agreed that work completed prior to final approval is ineligible for funding.
- It is expressly understood and agreed that the applicant will not seek to hold the City of Westminster, and/or its agents, employees, officers and/or directors liable for any property damage, personal injury, or other loss relating in any way to the Façade Improvement Program.
- The applicant shall be responsible for maintaining valid and sufficient insurance coverage for property damage and personal injury liability relating to the Façade Improvement Program.
- The applicant agrees to maintain the property and improvements, including, but not limited to, promptly removing graffiti and trash, and sweeping and shoveling in front of the property.
- The applicant authorizes the City of Westminster to promote an approved project, including but not limited to displaying a sign at the site, during and after construction, and using photographs and descriptions of the project in promotional materials and press releases.
- The applicant has read and understands the "City of Westminster Façade Improvement Program Overview" document outlining program guidelines and procedures.
- The applicant understands that the City of Westminster reserves the right to make changes in conditions of the Façade Improvement Program as warranted.

Signature of applicant: _____
Date: _____

If applicant is not the property owner, the property owner or an authorized representative must review and co-sign this application below.

Owner Authorization

As owner of the property (insert address) 58 W Main St Westminster MD 31157

I have reviewed the above application and authorize operator of Cambel Kirby Inc at said address to perform the improvements described above as part of the City of Westminster Façade Improvement Program.

Signature of property owner or authorized representative: _____
Date: _____

Project details:

The proposed project will focus on repairing and restoring the front of the historic building at 58 West Main Street. Work will include removal of deteriorated parge coating from the exposed stone foundation, preparation and resurfacing of the masonry with compatible veneer brick, and repointing and restoration of all three brick stoops and stairways.

All materials will be reviewed and approved prior to installation to ensure compatibility with the existing historic structure. The project will stabilize deteriorated masonry, improve safety and appearance, and preserve the historic character of the building

Total Project Estimated Cost: \$14,500.00

How this project will enhance the downtown

This building is a documented historic resource in the Maryland Historical Sites Inventory and represents an important part of Westminster's traditional Main Street development pattern. Restoring and maintaining this structure supports the preservation of the City's architectural heritage and reinforces the identity of downtown Westminster.

The proposed façade improvements will improve the overall appearance of the building by addressing visible deterioration at the foundation and entryways. Restored masonry and safe, well-maintained stoops will enhance curb appeal, improve accessibility, and create a more inviting storefront environment for customers and visitors.

These improvements will strengthen visual continuity along West Main Street, encourage pedestrian activity, and support neighboring businesses. A well-maintained historic façade increases the long-term viability of the business, supports continued occupancy, and promotes private reinvestment in surrounding properties.

By improving the safety, appearance, and historic integrity of this building, the project will contribute to beautification efforts, increased foot traffic, and a vibrant, walkable downtown environment that benefits residents, businesses, and visitors.

Architectural Survey File

This is the architectural survey file for this MIHP record. The survey file is organized reverse-chronological (that is, with the latest material on top). It contains all MIHP Inventory forms, National Register nomination forms, determinations of eligibility (DOE) forms, and accompanying documentation such as photographs and maps.

Users should be aware that additional undigitized material about this property may be found in on-site architectural reports, copies of HABS/HAER or other documentation, drawings, and the "vertical files" at the MHT Library in Crownsville. The vertical files may include newspaper clippings, field notes, draft versions of forms and architectural reports, photographs, maps, and drawings. Researchers who need a thorough understanding of this property should plan to visit the MHT Library as part of their research project; look at the MHT web site (mht.maryland.gov) for details about how to make an appointment.

All material is property of the Maryland Historical Trust.

Last Updated: 11-08-2012

HERR HOUSE

58 WEST MAIN STREET

The Herr House, built soon after the 1883 fire destroyed the building that formerly stood on this site, is a mid-Victorian adaptation of a standard Westminster five-bay, 2-section house, with Germanic decoration. The Herr Brothers (Frank and Samuel) were noted local carriage builders and this house reflects their success and their Teutonic past, especially in the intricate carved plaques that decorate the area just below the eaves on the principal facade.

DESCRIBE THE PRESENT AND ORIGINAL (IF KNOWN) PHYSICAL APPEARANCE

Number 58 West Main Street looks south to the north side of that street (St. Route 32) about 100' west of the street's intersection with John Street in Westminster. The building is, basically, a mid-Victorian adaptation of the standard Westminster five-bay, two-section house; the word "basically" was used because there are other elements here as well, notably Germanic decoration.

A central, six-panel door is in the center of the ground floor; the door is approached by a flight of two brick steps, and is flanked by smooth pilasters, and topped by a (painted over) narrow rectangular transom. A heavily-modillioned cornice, supported by large end brackets, shelters the door. To the east and west of the door are two shops, a barber shop to the west, and the owner's real estate office to the east. The barber shop is approached by a western, glass and aluminum door; a large plate glass window separates the shop's door from the main door. The same arrangement of DWD is repeated to the east. The second floor of the south facade is, as noted, 5 bays wide, and consists of 4, regularly-placed 2/2 windows filling the western 4/5 of the floor, and a 3-sided, oriel window at the corner of the east and south facades. Windows on the oriel (one on each front) are also 2/2, but are further enriched by narrow recessed panels at their bases. All windows have three course gauged, flat arches, and white wooden sills. A very thick, molded, modillioned cornice tops the facade between the Flemish Bond wall of the building and its slate, gable roof. Long, almost anatomical, brackets, placed alternately with the windows, support this cornice; the brackets are tied together at their bases by a molded, wooden string course. In the space created by the cornice, the string course, and the brackets, is an elaborately carved, flat plaque, with a central rosette and with other floral designs leading out from it, all carved in a manner reminiscent of that associated with the "Pennsylvania Dutch". The east and west walls originally had windows, but, due to the presence of more recent buildings, these windows have been filled in.

BUILDER/ARCHITECT

STATEMENT OF SIGNIFICANCE

Number 58 West Main Street is a superb example of how architectural styles can be adapted, when there is a strong local tradition, to include alterations and decorations that reflect sociological and aesthetic requirements. Deprived of the geometric plaques and corner oriel window, the building would be similar to dozens in the City built one, two or three generations earlier (except for a certain heaviness in proportion), and would be identical with several buildings built within a year or two of it. However, the builder felt the need to add certain naturalistic features. Interestingly for a variety of possible reasons, the builder did not deem it desirable to go very far from the mold compared to no. 35 West Main Street across the street, an example of the house built at that time, but a house treated more freely than no. 58. On the other hand, next door to no. 58, is a row of buildings, roughly contemporaneous yet much more conservative in style. Whether these differences among the buildings is a result of aesthetic or psychological or monetary causes is unclear. (Right across the street from no. 58 is the Montour House, a building of approximately the same date as no. 58, but a building that is lacking in ornamentation and conservative in form.) These Germanic plaques found on several buildings around the 1870's are not, of course, a result solely of Westminster Germanic ancestry; an international vogue for clutter must also be remembered.

The land no. 58 sits on is part of two lots of a subdivision laid out by the Catholic Church in the Civil War era. (For a more complete discussion of this, see the form for no. 53 West Main Street.) Lot 4 was leased by Alfred Troxel from the Redemptionists on May 13, 1863, Carroll County Deed Book 30, Page 34; Troxel almost immediately (on June 8, 1863 - Deed 30/108) subleased the land to Elizabeth J. Shriner. Also, on May 13, 1863, the Redemptionists leased the lot 5 to Edward Koontz, Deed 30/145. The rent for both of these lots was \$24 a year. Lot 54 was sold by Shriner's trustees to Cornelius Wantz on August 1, 1875 (Equity Case No. 1361, Deed 45/427), and was sold by Wantz to Frank K. Herr and Brother on April 2, 1883 for \$2600 (60/28). The other lot was purchased by the Herr Brothers (Frank and Samuel) on November 23, 1875 for \$3000 (45/538). The 1887 City Directory has Frank Herr as owning 58. The land and building stayed in the Herr family, through a multitudinous of conveyances (108/264, 139/442, 276/179) until

Scope of Work Description

The work specified only includes improvements to the front facade of the property specified. Any work to be completed elsewhere on the property will be estimated and billed separately. Se notes below for qualifications.

The areas specified for work include:

- the exposed foundation stone at (2) locations at the based of the front facade
- all (3) brick stoops/ stairs that provide access to the doors

Exterior Prep:

- Provide exterior site protection around the work areas
- Provide public safety notifications and barriers

Masonry Repairs (foundation):

- Remove masonry parge coat from the existing exposed stone foundation
- Drill and chisel out stone to approximately 2.5" deep from face of wall
- Grind stone and mortar surfaces to provide a flat surface to receive new materials
- Apply a scratch coat to bond to the foundation and provide a flat surface fro veneer brick
- Install veneer brick and mortar to generally match the existing materials
- Masonry materials to be tested and approved by customer prior to use
- No brick, block or lintel replacement included

Masonry Repairs (brick steps):

- Grind mortar from all joints on existing steps
- Mortar is to be ground at least 1" deep or until stable material is found
- Strike and re-point all mortar joints on all (3) stoops
- Brush and Wash mortar joints upon completion of work

Cleanup:

- Break-down and remove all site protection and protective materials
- Final cleanup to include broom-sweeping only

SPECIFIC DATES c. 1883 BUILDER/ARCHITECT

STATEMENT OF SIGNIFICANCE

Number 58 West Main Street is a superb example of how architectural styles can be adapted, when there is a strong local tradition, to include alterations and decorations that reflect sociological and aesthetic requirements. Deprived of the geometric plaques and corner oriel window, the building would be similar to dozens in the City built one, two or three generations earlier (except for a certain heaviness in proportion), and would be identical with several buildings built within a year or two of it. However, the builder felt the need to add certain naturalistic features. Interestingly for a variety of possible reasons, the builder did not deem it desirable to go very far from the mold compared to no. 35 West Main Street across the street, an example of the house built at that time, but a house treated more freely than no. 58. On the other hand, next door to no. 58, is a row of buildings, roughly contemporaneous yet much more conservative in style. Whether these differences among the buildings is a result of aesthetic or psychological or monetary causes is unclear. (Right across the street from no. 58 is the Montour House, a building of approximately the same date as no. 58, but a building that is lacking in ornamentation and conservative in form.) These Germanic plaques found on several buildings around the 1870's are not, of course, a result solely of Westminster Germanic ancestry; an international vogue for clutter must also be remembered.

The land no. 58 sits on is part of two lots of a subdivision laid out by the Catholic Church in the Civil War era. (For a more complete discussion of this, see the form for no. 53 West Main Street.) Lot 4 was leased by Alfred Troxel from the Redemptionists on May 13, 1863, Carroll County Deed Book 30, Page 34; Troxel almost immediately (on June 8, 1863 - Deed 30/108) subleased the land to Elizabeth J. Shriner. Also, on May 13, 1863, the Redemptionists leased the lot 5 to Edward Koontz, Deed 30/145. The rent for both of these lots was \$24 a year. Lot 54 was sold by Shriner's trustees to Cornelius Wantz on August 1, 1875 (Equity Case No. 1361, Deed 45/427), and was sold by Wantz to Frank K. Herr and Brother on April 2, 1883 for \$2600 (60/28). The other lot was purchased by the Herr Brothers (Frank and Samuel) on November 23, 1875 for \$3000 (45/538). The 1887 City Directory has Frank Herr as owning 58. The land and building stayed in the Herr family, through a multitudinous of conveyances (108/264, 139/442, 276/179) until

#8

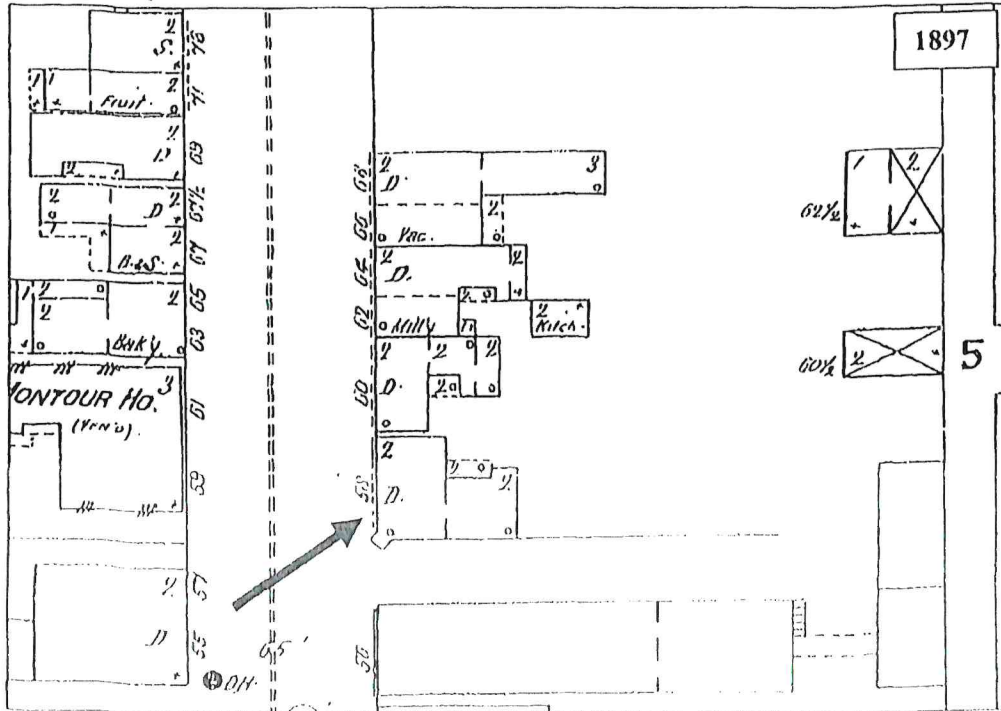

Ober S. Herr, Ober S. Herr, Jr. and William McD Herr sold the land to the present owners in Deed 330/296.

Herr and Brother was a firm that manufactured, according to an ad in the directory, "coaches, carriages, buggies, phaetons, Westminster wet wagons etc.," special attention was given to repairing. All orders promptly filled, and work of every kind, warranted." The ad lists its "factory" as being at 56 West Main Street "opposite the Montour House." (The entire block was destroyed by fire in April 1883, see form for 62-68 West Main Street.)

PROJECT

W. Main

Scope of Work Description

The work specified only includes improvements to the front facade of the property specified. Any work to be completed elsewhere on the property will be estimated and billed separately. Se notes below for qualifications.

The areas specified for work include:

- the exposed foundation stone at (2) locations at the based of the front facade
- all (3) brick stoops/ stairs that provide access to the doors

Exterior Prep:

- Provide exterior site protection around the work areas
- Provide public safety notifications and barriers

Masonry Repairs (foundation):

- Remove masonry parge coat from the existing exposed stone foundation
- Drill and chisel out stone to approximately 2.5" deep from face of wall
- Grind stone and mortar surfaces to provide a flat surface to receive new materials
- Apply a scratch coat to bond to the foundation and provide a flat surface fro veneer brick
- Install veneer brick and mortar to generally match the existing materials
- Masonry materials to be tested and approved by customer prior to use
- No brick, block or lintel replacement included

Masonry Repairs (brick steps):

- Grind mortar from all joints on existing steps
- Mortar is to be ground at least 1" deep or until stable material is found
- Strike and re-point all mortar joints on all (3) stoops
- Brush and Wash mortar joints upon completion of work

Cleanup:

- Break-down and remove all site protection and protective materials
- Final cleanup to include broom-sweeping only

City of Westminster Façade Improvement Program (FIP) Application

Checklist

Please assemble the application package in the sequence indicated below and label each item. Check off each item to ensure you are submitting the **required** material, including:

- Completed Application
- A minimum of two color photographs that show existing building conditions
- Detailed sketches or drawings of the proposed improvements (including placement, color, dimensions and materials)
- A minimum of two bids on contractor letterhead detailing the proposed work
- Additional information (optional)

Prior to submitting an application, applicants should meet with the Program Administrator in regards to the project. To set up a meeting time, email planning@westminstermd.gov or call 410-848-9002.

General Information

Name of Applicant: David Johansson

Name of Business: _____

Project/Business Address: 143 W Main St
Westminster, MD 21157

Phone Number: 443-605-8513 Fax Number: _____

E-mail address: djohan2006@gmail.com

Type of Business: Hair salon and spa

Applicant is the:

- Property Owner
- Business Owner
- Other: _____

How long has the business been at the current location? 20 yrs

When does your current lease expire? 5 yrs

Do you have the option to renew your lease and do you intend to do so? What are the terms?
yes

Property owner's name (if different from applicant): _____

Property owner's address: 4 West Main St Westminster, MD 21157

Property owner's phone number/email: djohan2006@gmail.com 443-605-8513

Note: If you are not the property owner, the property owner or an authorized representative must co-sign this application where indicated in the "General Conditions" section of this application.

Project Details

Please describe below, or via a supplemental attachment, the proposed improvements to the property. The following required information must accompany this application:

- Minimum of two color photographs that show existing building conditions
- Detailed sketches or drawings of the proposed improvements (including placement, color, dimensions and materials)
- Minimum of two bids on contractor letterhead detailing the proposed work

Description of proposed improvements (e.g., new doors/windows, signs, lighting, paint, etc.):

Roof to bring to a traditional slate appearance

Proposed Project Budget: 60-70K?

Describe how this project will enhance the downtown, including how it will:

- Improve your business or increase your chances for success
- Facilitate the retention or expansion of an existing business downtown
- Facilitate the establishment of a new business to downtown
- Improve public safety or access
- Enhance downtown Westminster (beautification, foot traffic, etc.)

~~Will be~~ Replacing roof after 50-60 years to return original slate appearance. Roof is deteriorated and causing damage to property

How much funding assistance are you requesting?* 33k-350k up to 50%

* Please Note: This is a matching grant program of up to 50% of eligible funding match available.

Proposed start date: April 1 2026

Estimated completion date: April 5th 2026

(Note: Any project submitted for funding should commence within two (2) months of the award and be completed within six (6) months of commencement. If issues arise, please contact Program Admin.)

In conjunction with this project, are you completing any other renovation/rehabilitation work to the property (interior or exterior)?

- No
- Yes

If answer is "yes" to above question, describe additional work:

Estimated cost of additional work to the property: _____

General Information

Name of Applicant: Tina Warekime

Name of Business: Esquire and the Lady

Project/Business Address: 83 West 41st St.

Phone Number: 410-848-8000 Fax Number: _____

E-mail address: esquireandthelady@yahoo

Type of Business: Salon

Applicant is the:

- Property Owner
- Business Owner
- Other: _____

How long has the business been at the current location? 36 years

When does your current lease expire? N/A

Do you have the option to renew your lease and do you intend to do so? What are the terms?
NA

Property owner's name (if different from applicant): _____

Property owner's address: 19 Monocacy Cir. Taneytown, MD
21787

Property owner's phone number/email: 443.375-7423 esquireandthelady@yahoo.com

Note: If you are not the property owner, the property owner or an authorized representative must co-sign this application where indicated in the "General Conditions" section of this application.

Project Details

Please describe below, or via a supplemental attachment, the proposed improvements to the property. The following required information must accompany this application:

- Minimum of two color photographs that show existing building conditions
- Detailed sketches or drawings of the proposed improvements (including placement, color, dimensions and materials)
- Minimum of two bids on contractor letterhead detailing the proposed work

Description of proposed improvements (e.g., new doors/windows, signs, lighting, paint, etc.):

Improvements of the roof and surrounding areas, such as holes in the brick and flashing. Making sure there is a tight seal around the window above the porch.

Proposed Project Budget: 5200.00

Describe how this project will enhance the downtown, including how it will:

- Improve your business or increase your chances for success
- Facilitate the retention or expansion of an existing business downtown
- Facilitate the establishment of a new business to downtown
- Improve public safety or access
- Enhance downtown Westminster (beautification, foot traffic, etc.)

My proposed front facade improvements will enhance the curb appeal of my business and the downtown. When properties are kept up it not only attracts foot traffic it also draws in investors.

My building is 120 years old. As you know time and weather is not kind to building materials. Because of this I now have water damage on a exterior wall. Making these exterior improvements will help with the longevity of this building. Maintaining this historical small town feeling is important to me!

How much funding assistance are you requesting?* up to 50%

* Please Note: This is a matching grant program of up to 50% of eligible funding match available.

Proposed start date: Within 2 months of being awarded

Estimated completion date: Within 6 months of the start

(Note: Any project submitted for funding should commence within two (2) months of the award and be completed within six (6) months of commencement. If issues arise, please contact Program Admin.)

In conjunction with this project, are you completing any other renovation/rehabilitation work to the property (interior or exterior)?

- No
- Yes

If answer is "yes" to above question, describe additional work:

Exterior- Front of Building Only

<i>Description</i>	<i>Total</i>
<u>Exterior Work List</u>	\$4,590.00

Surfaces: 2-Story Plus Brick Structure

- Brick (*painted now*)
- Trim (INCLUDES Windows/Window Frames)
- Upper Cornice
- Portico Assembly
- Entry Frame
- Portico Metal Roof

Prep and Paint

- Cover grounds with drops and plastic
- Scrape areas of loose and peeling paint to a tight bond
- Scrape/sand Portico Metal Roof; Prime and repaint
- Spot prime bare areas
- Caulk open gaps in wood trim with high quality caulking
- ***MOST IMPORTANT: check every possible hole in Brick, gap between Roof & Brick, small flashing strip behind gutter & downspout and seal with masonry sealant- plug everything!***
- Spot prime any rusted areas with KemBond primer
- Repaint Brick, Trim and Portico Sherwin Williams Duration, same colors as existing

- Customer agrees to allow Sheldon & Sons to display a job-site sign in a safe & respectful location on the property during the project, and for up to 3 weeks after completion. Sheldon & Sons will remove the sign at the end of the display period, or customer can dispose of
- **Price is Labor & Materials (unless otherwise noted)**

Warranty

- All pricing includes our **six (6) year** exterior labor and materials warranty against flaking and peeling (**NOTE: Deck/Porches, Exterior Floors and Steps, if applicable, are EXCLUDED from warranty**); We will perform annual inspections while under warranty- ****customer responsible to please call us in late winter/early spring to schedule your inspection**

~Important Information Regarding Your Project- PLEASE READ:~

- **NOTE: pressure washing may cause windows around the washed areas to become dirty; We encourage having them cleaned after our project is complete; We customarily DO NOT pressure/soft wash windows to avoid any damage to the window itself or other damage from water getting inside the home**
- **Even with scraping/sanding and our best efforts to blend, there may still be a visible ridge between old and new paint on sanded or repaired areas; NOTE: Imperfections can be addressed at customer's discretion, to be charged on a Time (per assigned man per hour)/Materials basis**
- **If rotted, damaged, brittle or bug-ridden wood is discovered during prep, we can repair or replace the affected area for an additional charge; Foreman to bring to customer's attention and give price on-site for approval before proceeding; Travel time to/from supply store is considered billable**

PROJECT

Scope of Work Description

The work specified only includes improvements to the front facade of the property specified. Any work to be completed elsewhere on the property will be estimated and billed separately. See notes below for qualifications.

Exterior Prep:

- Provide exterior site protection around the work area
- Provide public safety notifications and barriers
- Lay drop cloths under the work area
- Clean and prep surfaces to be painted
- Brush brick with a stiff-bristle nylon brush
- Clean metal porch roof with detergent and wire brush

Exterior Sealant:

- Cut out and prep loose/ failing caulk joints
- Re-caulk joints and seams to match

Exterior Paint:

- Apply (1) coat of exterior latex wall paint (color to match existing)
- Apply (1) coat of exterior latex trim paint (Color to match existing)
- Apply (2) coats of DTM roof paint on the porch roof (color to match existing)
- All materials to be installed per manufacturer's recommendations

Cleanup:

- Break-down and remove all site protection and protective materials
- Final cleanup to include broom-sweeping only

notes:

- All work is to be completed during normal business hours (M-F, 7:30-4:00)
- No special permits or permissions are included in this budget
- All materials are subject to approval by all parties
- The Contract is to be executed solely with the Customer (no reimbursement or third-party billing)
- Work will not proceed until the site conditions meet the requirements of the material manufacturers
- No additional drawings, specifications or submittals are included in this budget
- The estimated time needed to complete this work is two weeks (no liquidation)
- The Contractor retains the right to withdraw this proposal at any time, for any reason

Proposal

This proposal is based on the information provided through e-mail and AI Design Software. We have verified the dimensions during a field walk-through. If any of the specifications do not make sense or do not align with your understanding of the job, please let us know.

We have broken down our proposal for clarification. Each Scope of Work and Bid Price listed below may or may not affect the total price if multiple options are selected. Some options may only be possible if others are selected with it. Please reach out to us with any questions that you may have.

All of the following work includes all licenses, permits and insurance to complete the work specified unless otherwise noted. All material delivery, debris disposal and cleanup will be completed in a professional manner. A dump trailer will be used to collect debris and may be left on-site at the discretion of the Contractor.

This proposal is for the complete project. The Façade Improvements (which are included in this proposal) were estimated separately as well, and submitted in the appropriate format for the Westminster City Funding Program.

Exterior Paint:

\$ 4,600

- Remove and dispose of the canvas awning and structure
- Pressure-wash (with detergent) the front masonry wall only
- Apply (1) coat of masonry bonding primer on the front wall
- Caulk & Seal all significant joints, holes and cracks
- Apply (2) coats of exterior latex paint on the front wall
- This proposal includes one color throughout - White

Exterior Siding:

\$ 16,100

- Remove & Dispose of the vinyl siding on the Rear & Side Walls
- All existing blocking and furring materials are to remain
- All existing flashing and sealant is to be replaced
- Install additional blocking as needed per manufacturer recommendations
- Furnish and install vinyl "Board-and-Batten" vertical siding on Rear & Side Walls
- All siding and trim is to be installed per manufacturer's recommendations
- Fabricate aluminum flashing as needed over all penetrations
- Furnish and install factory matching blocks at all fixtures
- Replace the steel grilles at the front and rear – White

Front Entry Awning (12' wide x 3' deep): \$ 12,075

- Design & Fabricate structural steel supports for the awning
- Furnish and install steel anchors and secure to structure (not just brick veneer)
- In-fill the awning with framing and blocking to receive coverings
- Install TPO Rubber Roof and flash to the brick wall - White
- Install contoured aluminum soffit under the awning – Black (no lights included)
- Fabricate and install custom aluminum fascia at perimeter - Black

Front Façade: \$ 5,175

- Install blocking and hardware to receive a composite siding assembly
- Provide a decorative, interlocking composite veneer panel and matching trim
- The façade is to be approximately 12' wide and 10' tall
- If the awning is installed, the façade will extend above the awning to receive the signage
- No signage design, fabrication, delivery or installation is included
- An area of approximately 12' wide and 2'6" tall will be prepared to receive the signage

Side Façade: \$ 2,588

- Install blocking and hardware to receive a composite siding assembly to match the front
- Provide a decorative, interlocking veneer panel and matching trim
- The façade is to be approximately 12' wide and 2'6" tall (between windows as indicated)
- No signage design, fabrication, delivery or installation is included

Rear Stair Upgrades (paint): \$ 6,440

- Remove & Dispose of roof coverings over stairs
- Pressure-wash (with detergent) the rear stair assembly only (all remaining materials)
- Install TPO Rubber Roof and flash to the rear wall – White
- The existing soffit and fascia are to be left in-place – White
- The paint work includes rails, risers, treads, stringers, posts, deck boards, etc.
- The upper and lower landings will be painted (all exposed wood)
- Apply (1) coat of exterior bonding primer throughout
- Apply (2) coats of exterior Porch & Floor Enamel throughout – Black
- No structural repairs or framing alterations are included

Rear Stair Upgrades (steel): \$ 16,675

- Remove & Dispose of roof coverings over stairs
- Install TPO Rubber Roof and flash to the rear wall – White
- The existing soffit and fascia are to be left in-place – White
- Provide temporary surring to support the roof assembly
- Remove the stair, rail and landing assemblies
- This proposal assumes that the existing footings are acceptable per code
- Fabricate and install steel columns to support stairs and landings
- Fabricate steel, diamond-plate landings with turn-downs and supports
- Install steel stringers and weld in-place to posts and supports

- Fabricate and install steel, diamond-plate stair-treads with turn-downs
- Anchor stringers to existing concrete pad per code
- Anchor posts to roof assembly per code
- Apply (1) coat of exterior bonding primer throughout
- Apply (2) coats of exterior DTM paint throughout – Black

Optional Accent Lighting (to be estimated upon request, with specifications):

\$

- Provide soffit lighting under the awing
- Provide wall-mounted directional lighting over the sign on the front wall
- Provide wall-mounted directional lighting over the sign on the side wall
- Provide wall-packs to light the parking area

Hi Tina,

I am confirming receipt of this new proposal from Alford Homes. We will use this bid in replacement of the original Alford Homes proposal, bringing your request up to \$4,431 (up to 50%) of \$8,862.00.

Does that sound correct?

Thanks,

Melissa

Hi. Unfortunately I have already handed in my application along with the 2 estimates. Alford homes came back at me with another proposal. He and I talked about the repairs in the brick and we both feel with filling in and painting the holes it would also be a good idea to repaint to help seal the brick in other areas also. Is this a problem if I submit this estimate that is attached to this email? This is my my cell if you would like to speak to me. I will have clients and unable to constantly check my email.

Thanks

Tina Warehime

Project Cost: \$2,950

Funding Request: \$1,475

Additional Work:

Project:

- Replace green awnings with black awnings only above their storefront

Evaluation Criteria (Ranking 1(low) – 5 (high))

1. The estimated increased property values after the FIP project is completed,
2. The extent of historic preservation made to the building,
3. The percentage of private investment vs. public investment,
4. Whether the FIP project will be completed within a nine-month timeframe, and
5. If you are a first time FIP grant applicant,

Additional Comments:

General Information

Name of Applicant: Ashley Gerald

Name of Business: Collision Course

Project/Business Address: 61 East Main Street Westminster, MD 21157

Phone Number: 410-220-6101 Fax Number: _____

E-mail address: collisioncoursellc@gmail.com

Type of Business: restaurant

Applicant is the:

- Property Owner
- Business Owner
- Other: _____

How long has the business been at the current location? 3 years, 1 month

When does your current lease expire? 2030

Do you have the option to renew your lease and do you intend to do so? What are the terms?

Yes we can renew and we do intend to renew. Our current lease is a 5 year term.

Property owner's name (if different from applicant): Steve Aquino

Property owner's address: Aquino Properties 63 East Main Street Ste 202 Westminster MD 21157

Property owner's phone number/email: aquinopropertiesllc@gmail.com

Note: If you are not the property owner, the property owner or an authorized representative must co-sign this application where indicated in the "General Conditions" section of this application.

Project Details

Please describe below, or via a supplemental attachment, the proposed improvements to the property. The following required information must accompany this application:

- Minimum of two color photographs that show existing building conditions
- Detailed sketches or drawings of the proposed improvements (including placement, color, dimensions and materials)
- Minimum of two bids on contractor letterhead detailing the proposed work

Description of proposed improvements (e.g., new doors/windows, signs, lighting, paint, etc.):

We want to change out our current green awnings for black ones.

Proposed Project Budget: \$3,000

Describe how this project will enhance the downtown, including how it will:

- Improve your business or increase your chances for success
- Facilitate the retention or expansion of an existing business downtown
- Facilitate the establishment of a new business to downtown
- Improve public safety or access
- Enhance downtown Westminster (beautification, foot traffic, etc.)

We are working to paint the green parts black on our facade and would like the black awnings to refresh and make the front more cohesive. The color change will also make our courtyard space look more cohesive as one space.

How much funding assistance are you requesting?* \$1200-\$1500

* Please Note: This is a matching grant program of up to 50% of eligible funding match available.

Proposed start date: June 2026

Estimated completion date: August 2026

(Note: Any project submitted for funding should commence within two (2) months of the award and be completed within six (6) months of commencement. If issues arise, please contact Program Admin.)

In conjunction with this project, are you completing any other renovation/rehabilitation work to the property (interior or exterior)?

- No
- Yes

If answer is "yes" to above question, describe additional work:

Painting the green trim to black and changing our handrails to black from green.

Estimated cost of additional work to the property: n/A

Signature of Applicant: 

Date: 02/10/2026

Terms & Conditions

1. Carroll Awning Company, Inc. (hereafter Carroll Awning) hereby warrants all materials to be as specified and that all work shall be performed in a workmanlike manner, according to accepted standard practices. This express warranty excludes all other agreements, representations, and warranties, expressed or implied. Carroll Awning specifically disclaims any implied warranty of merchantability or warranty of fitness for a particular purpose.
2. Carroll Awning shall not be responsible for loss or damage to buyer's business or property of injury or death to persons; Buyer shall indemnify Carroll Awning and hold it harmless from claims for any of the foregoing.
3. The parties agree that Buyer's sole and exclusive remedy against Carroll Awning shall be for the repair or replacement of any awning material which are defective when delivered. In no event shall Carroll Awning be liable for direct, indirect, special, incidental, or consequential damages (including loss of profits whether based on contract, tort, or any other legal theory. Any defects or discrepancies in the awning materials as delivered or installed must be reported Carroll Awning with twenty days after the Buyer receives the awning materials or it will be conclusively presumed that the awning materials were as ordered and were received in good condition. Notice to Carroll Awning of any defects, discrepancies, or objections must be delivered in writing via certified or registered mail to the address shown on the face of this agreement.
4. It is hereby expressly provided that although the said materials have been herein before described the materials delivered by Carroll Awning hereunder shall be deemed to correspond with their description, when they correspond with the sample, which has been produced, examined and selected by the Buyer.
5. It is hereby expressly acknowledged, understood, and agreed that this is a contract for a special order of custom fabricate goods and materials and the Buyer can not alter, revoke, or cancel the same without the specific written consent of Carroll Awning.
6. The estimated delivery date of this order is subject to contingencies beyond the control of Carroll Awning including, but not limited to fires, strikes, lockout, inability to secure material, labor or transportation, inclement weather, accidents, Acts of God, and unavailability of Buyer. In the event of the occurrence of such contingency, the estimated delivery date shall be extended by equal duration of the extent of the duration of such contingency.
7. Buyer agreed to pay Carroll Awning the full balance of the purchase price immediately upon completion and delivery of the material and work to the Buyer and the time of such payment shall be of essence. No back charges will be accepted.
8. Carroll Awning shall retain title to all goods pending receipt of entire purchase price.
9. The Buyer covenants and agrees that upon his default by the failure to pay any part of or the entire purchase price when due, or otherwise, Carroll Awning shall, at its option, have the right to:
 - A. Without judicial action, take possession of all said property and all payment made by the buyer up to the time of said default shall be applied as rent and depreciation on said property for and during the time the property is in the Buyer's possession. Permission is granted to re-enter property to remove said property; Carroll Awning is granted permission to re-enter property to remove said property; Carroll Awning is granted permission to reenter Buyers land or structure to remove said property; and/or
 - B. Bring legal action to collect all moneys due Carroll Awning under the terms of this agreement; and/or
 - C. Enforce and foreclose a lien against the said property without further notice to buyer; and/or
 - D. Pursue any other remedy available by law to said company.
10. The buyer covenants and agrees to pay reasonable attorney's fees and cost to Carroll Awning in the event Carroll Awning incurs such fees and costs in enforcing its rights under the terms of this contract, including attorneys fees incurred in obtaining and enforcing judgment and/or pursuing on defending an appeal.
11. This proposal by Carroll Awning shall expire thirty days after date of issue, but is subject to withdrawal during such time if notice to that effect is given before written acceptance by the buyer. The only terms of the agreement between the Buyer and Carroll Awning are those set forth in this document and these terms may be changed or modified only by a written document signed by both parties.
12. After acceptance of this proposal, any delay by the purchaser/buyer may result in a price change corresponding to any change in the cost of labor or raw materials.
13. A charge of 1 1/2% percent per month or fraction thereof (18%per annum) shall be added to all delinquent accounts.
14. Each awning is guaranteed for a period of one year after completion against defective workmanship and materials.
15. All permits are to be obtained by buyer unless otherwise stated.
16. Carroll Awning reserves the right to use their finish product for advertising or a promotional package.
17. Occasionally after installation, "pinholes" can be found in the awning cover. This is not a result of fabric quality, and does not affect the long term performance of you awning cover. Should this occur, we will address the pinholes to keep water from coming through your awning cover. Once we have addressed this issue, we can guarantee, in writing, that your awning cover will not fail as a direct result of the original pinholes, for a period of five years from the date of installation.

PRICE:

Furnish and install one cover\$2,950.00

Accepted: _____

Date: _____

(Please return signed quote)

FI 26-10
2 Bond Street

Project Cost: \$23,900

Funding Request: \$11,950

Additional Work:

Project:

- Paint existing building
- Paint all trim

Evaluation Criteria (Ranking 1(low) – 5 (high))

1. The estimated increased property values after the FIP project is completed,
2. The extent of historic preservation made to the building,
3. The percentage of private investment vs. public investment,
4. Whether the FIP project will be completed within a nine-month timeframe, and
5. If you are a first time FIP grant applicant,

Additional Comments:

Description of proposed improvements (e.g., new doors/windows, signs, lighting, paint, etc.):

Paint the entirety of the building exterior to coordinate with the vinyl siding of the Rock Salt Catering building. All existing wood trim and wood doors to be painted white.

Proposed Project Budget: \$25,000

Describe how this project will enhance the downtown, including how it will:

- Improve your business or increase your chances for success
- Facilitate the retention or expansion of an existing business downtown
- Facilitate the establishment of a new business to downtown
- Improve public safety or access
- Enhance downtown Westminster (beautification, foot traffic, etc.)

The proposed façade improvements to 57 West Main Street and 2 & 4 Bond Street will significantly enhance the appearance and economic vitality of downtown Westminster. Located at the highly visible corner of Main Street and Bond Street—directly across from the City building and in an area with substantial daily foot traffic—this mixed-use property plays an important role in shaping the character of the downtown district. Repainting the entire exterior to coordinate with the adjacent corner building (Rock Salt Catering), along with refinishing all exterior wood trim and doors in white, will create a clean, cohesive, and well-maintained appearance that strengthens the overall streetscape and reinforces downtown’s historic charm.

These improvements will increase curb appeal and marketability of the four first-floor commercial spaces currently being updated, supporting business retention and attracting new tenants. A refreshed, professionally maintained exterior signals long-term investment and stability, encouraging customer engagement and entrepreneur confidence. By elevating the visual quality of this prominent corner property, the project will enhance pedestrian experience, contribute to public safety through improved visibility and maintenance, and support continued revitalization and economic growth in downtown Westminster.

How much funding assistance are you requesting?* 50%

* Please Note: This is a matching grant program of up to 50% of eligible funding match available.

Proposed start date: 04/01/2026 (Weather Permitting)

Estimated completion date: 04/15/2026 (Two Weeks From Start Date, Weather Permitting)

(Note: Any project submitted for funding should commence within two (2) months of the award and be completed within six (6) months of commencement. If issues arise, please contact Program Admin.)

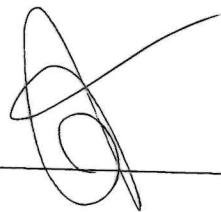

In conjunction with this project, are you completing any other renovation/rehabilitation work to the property (interior or exterior)?

- No
- Yes

If answer is "yes" to above question, describe additional work:

Remodeling all four lower level commercial suites

Estimated cost of additional work to the property: \$100,000

General Conditions

- It is expressly understood and agreed that grant proceeds are a matching grant at 50% or greater by the applicant and up to 50% from the Maryland Department of Housing and Community Development.
- It is expressly understood and agreed that the applicant shall be solely responsible for all safety conditions and compliance with all safety regulations, building codes, ordinances, and other applicable regulations.
- It is expressly understood and agreed that work completed prior to final approval is ineligible for funding.
- It is expressly understood and agreed that the applicant will not seek to hold the City of Westminster, and/or its agents, employees, officers and/or directors liable for any property damage, personal injury, or other loss relating in any way to the Façade Improvement Program.
- The applicant shall be responsible for maintaining valid and sufficient insurance coverage for property damage and personal injury liability relating to the Façade Improvement Program.
- The applicant agrees to maintain the property and improvements, including, but not limited to, promptly removing graffiti and trash, and sweeping and shoveling in front of the property.
- The applicant authorizes the City of Westminster to promote an approved project, including but not limited to displaying a sign at the site, during and after construction, and using photographs and descriptions of the project in promotional materials and press releases.
- The applicant has read and understands the "City of Westminster Façade Improvement Program Overview" document outlining program guidelines and procedures.
- The applicant understands that the City of Westminster reserves the right to make changes in conditions of the Façade Improvement Program as warranted.

Signature of applicant: _____
